

K-6 SUMMER PROGRAM-2011

Dear Parents,

The Rainbow Montessori Summer Program is a dynamic, hands-on, and age appropriate explosion of Academics, Action and Adventure. This year, students at Camp Rainbow will be participating in a series of Themed Workshops focusing on specific areas designed for the all round development of the Whole Child.

June 20th-July 1st: Red White and Blue- Home sweet home is the inspiration as we fall back in time, and stride across regions to dive into U.S History and Geography.

July 4th-July 15th-Art and Drama- Stepping up to the metaphorical stage children don their creative berets as Readers' Theater and Creative Arts puts them in touch with their inner souls.

July 18th-July 29th- Science and Inventions - Flying on the wings of imagination young Einsteins don their white coats as they transform the classroom into a Dexter's laboratory.

August 1st- August 5th - Mind Your Manners-The spirit of Emily Post guides our future ambassadors as they brush up the basics of Grace and Courtesy.

August 8th-August 12th-An Ode to Julia-Food, its ingredients, preparation and nutritional value is the focus of this mouthwatering week.

August 15th-August 19th -Music and Movement-The beats and jives of different cultures come alive under twinkling feet and swaying hips as the children dance around the world.

Aug 22nd-Aug 26th- Fun in the Sun- Sleepy muscles get a much needed workout as we focus on the positive thinking, the joys of participation, the spirit of sportsmanship and the value of teamwork.

Aug 29th-Aug 31st-Memories and Reflections-After all the excitement, children learn to to relax, reflect and get into gear for the new school year.

At Rainbow we strongly believe in polishing all the facets that make up the sparking child. Our **field trips** reflect this philosophy, as they range from visiting the Monterey Bay Aquarium to cooking up a storm at Cucina Bambini. **School Assemblies** include the Amazing Bubble Man, Dinosaur Digs, Gems Rock and a plethora of Living History Characters.

In addition, the convenience of onsite after-school activities including music, gymnastics, ballet, art, yoga, soccer and many more, are also available. For further details please contact the Elementary Office.

As with every other year, we expect our Summer Program to be spectacular. At Rainbow the children are our Past, our Present and our Future. We are dedicated to providing your children with an unforgettable experience that they will treasure forever. Thank you for your support.

Sincerely,

Ms. Boi Hazarika (General Director K-6)

*Note- Regular classroom teachers might be on vacation during summer. Some activities and schedules might be changed or postponed due to unavoidable circumstances.
