

Welcome to the Rainbow Montessori Kindergarten and Elementary Program. We are a dedicated community of parents, faculty, administrators and friends working together to realize a common vision-the delicate unfurling of the sparkling imagination, razor sharp mind and unsullied heart of every child.

At Rainbow, we are all geared toward helping our children to be the best that they can be without losing their unique cores or compromising their ingrained values. To achieve this, we strive to meticulously create a nurturing environment where children of diverse backgrounds, multiple intelligences and learning styles can discover their potential. The future of our world depends on developing autonomous individuals who can think and act for themselves. As dedicated educators our dream is to be a part of this noble endeavor.

The curriculum at Rainbow is based on detailed, developmental continuums of knowledge and skills for each academic discipline. These continuums have served as the basis for Montessori school curriculums - in this country and around the world -for years. Rainbow has woven much of this proven curriculum into its own unique tapestry. Our advanced core curriculum meets and in many cases exceeds California's Academic State Standards. It encourages each child to become logical thinkers and creative artists who will bloom into venerable world leaders.

**Cleo .V. Swarat** once wrote:

I dreamed I stood in a studio  
And watched two sculptors there,  
The clay they used was a young child's mind  
And they fashioned it with care.

One was a teacher:

The tools she used were books and music and art;  
one was a parent  
with a guiding hand and gentle loving heart.

And when at last their work was done,  
they were proud of what they had wrought.  
For the things they had worked into the child  
could never be sold or bought!

And each agreed she would have failed  
if she had worked alone.

For behind the parent stood the school,  
and behind the teacher stood the home!

Working hand in hand there is no planet too cold to touch, and no  
dream too shimmery to grab. To this end, let us roll up our sleeves, stride  
forth boldly and work our magic together!

Ms. Baishakhi Hazarika  
General Director-(k-6)
